

HOSPITAL SITE QUESTION IS REOPENED

SEEK SAFETY AT CROSSINGS OF RAILROADS

Carrier Representatives Will
Meet With City Solons
On Problem.

Better protection against the dangers of railroad crossings in Circleville will be sought at the next meeting of the council when representatives of the Norfolk and Western railroad will confer with the city solons on the installation of wig-wag signals at all crossings with the exception of S. Court-st. This was the announcement made by Councilman Clark Will at the meeting of the council Wednesday night. The question of crossing protection will be thoroughly discussed at the next meeting. It is reported that the wig-wag signals are preferred because they operate 24 hours a day, while gates at minor crossings could be operated only a portion of the day.

NEW BILL OPPOSED
Prospects of losing the city's share of the revenue from the state gasoline tax resulted Wednesday night in the council adopting a resolution protesting against a bill pending in the Ohio legislature, which provides that money from the gasoline tax shall go entirely to counties and state only. The protest was ordered sent to Senator C. C. Chapplear and Representative Frank Marion.

BONDS ARE SOLD
The finance committee reported the selling to the First National Bank of Circleville, the \$7,000.00 of bonds issued for the purpose of constructing additional sanitary sewers, at its bid of par, accrued interest to date of delivery and a premium of \$85.00.

LOCAL NURSE FACES SENATE

Miss Eleanor Jones Charges
Mismanagement of Indian
Children.

Mismanagement and mistreatment of Indian children at reservation schools in Arizona were charged last before a senate committee in Washington Wednesday by Miss Eleanor Jones, daughter of Dr. and Mrs. Howard Jones, of Circleville.

Miss Jones, a graduate nurse employed at the Navajo Indian school at Tuba City, Ariz., charged the work she was to do had been misrepresented so that when she arrived she found she was to care for sick children in the school when she supposed she was to do field work. This was in November, 1927.

"Isn't it rather late to bring complaints?" she was asked after she told of an epidemic at the school of whooping cough and measles, with the children "coughing and spitting" on the floors of "crowded" quarters.

"I am not complaining; I was asked to come here," Miss Jones answered.

Miss Jones also charged "nothing was done" to stop the epidemic although, she said, a physician attended the children and prescribed for them.

FALLACIES OF FOODS SHOWN IN FARM TALK

Individuals Can Make Diets
Good or Bad, Specialist
Declares.

COLUMBUS, O., Feb. 7.—Belief that "this food is good for me, or that food is bad for me," is the most common fallacy of the layman in the matter of food selection, according to Dr. Walter H. Eddy, professor of Physiological Chemistry in Teachers' College, Columbia University, who addressed visitors at the Farmers' Week at the Ohio State University here today. "Foods are neither good nor bad in themselves. Faults or excellencies of diet are due to selection to meet a particular situation, not to healing or toxic properties in the individual components of the diet."

"Sugar is a food if used properly, and can be a very harmful ingredient of the diet if abused. Don't class it as either a good or bad food. Like sugar, white wheat flour is a source of energy. Few of us can buy a better or a cheaper body fuel. But it is not a complete food. Its protein is incomplete and alone will not build muscle. It lacks certain very necessary mineral salts. Its vitamin content is practically nil. It hasn't enough roughage to give our teeth much to work on. However, whole wheat is not a 'bad' and white wheat a 'good' food. Both have values and both have defects. We must learn to use these values and supplement the defects with other articles of diet. 'Know thyself and act accordingly' is the only road to nutritional as well as moral well being."

TREATY IS TOPIC

In an address on the subject "Shall the Nations Renounce Their Right to Do Wrong?" Judge Florence Allen, of the Ohio Supreme Court, declared that the idea behind the recently ratified Kellogg Peace pact, "is a people's idea. Moreover, it is also a people's idea, that governments should not be above the law which they themselves enforce upon their citizens. In proportion to the growth in the feeling that the people are concerned and responsible in the solution of the war problem, there has arisen an irresistible demand that ethical standards be actually erected between governments, and that just as slavery and duelling have been abolished by the civilized world so legalized war shall be actually wiped out of the picture."

"The Kellogg treaty constitutes an amazing advance toward the establishment of world peace, and the actual trend of public thought upon this specific side of the war question, shows that the principle embodied in Secretary Kellogg's notes will in the long run be declared by the nations."

SIX OTHER PROGRAMS

While these and dozens of other addresses and demonstrations were going on today, six separate organizations were holding programs and sessions of their own on the campus. These included the Ohio Holstein Breeders' Association, the Ohio Ayrshire Breeders' Association, the Ohio Vegetable Growers' Association, the Ohio State Horticultural Society, the Ohio Aberdeen-Angus Breeders' Association, and the Ohio Seed Improvement Association.

Tonight, at a special banquet in their honor, 101 Ohio farmers who have this year achieved membership in one or more of the seven honor clubs sponsored by the agricultural extension service of the university, will receive medals and recognition.

Friday will be "Grange Day" on the Farmers' Week program, with national and state officers of that organization as speakers.

RIFLE CLUB CALL

All members of the Circleville Rifle club are asked to be present at the meeting Friday night at 8 o'clock. The Circleville team is scheduled for a match with Chillicothe, Friday, Feb. 15.

Canton Man Is Named Successor To B. B. Buckley

H. Ross Ake Appointed Treasurer of Ohio By Gov. Cooper.

COLUMBUS, Feb. 6, 1929, H. Ross Ake of Canton, new treasurer of the State of Ohio. Governor Cooper made the announcement of his selection of the successor to Bert B. Buckley shortly after one o'clock this afternoon.

The chief executive announced that he had "fully concurred" with the action of the Republican state central committee in recommending that the governor appoint Ake. The governor then issued a signed communication. Ake will assume his new duties immediately.

The treasurer is president of Canton-Morris Plan Bank. Eight years ago he was a member of the Ohio Senate and was also a former member of the Republican state central committee. He served as treasurer of State-co for two terms.

Secretary of state Clarence J. Brown held that Gov. Cooper's appointment of Treasurer Ake is for a full term ending the second Monday in Jan. 1931.

FARMERS TO FIGHT CRIME

Agricultural Organizations
Seeking To Stop Rural
Thievery.

Alarmed at the growing amount of thievery on the farms of Ohio, the Ohio Farm Bureau Federation and county farm bureaus of the state have announced the establishment of a protective service through which rewards are offered for the capture and conviction of thieves taking property of members of the organization. The step on the part of this organization combines the efforts of some 28,000 Ohio farmers in an effort to protect themselves against the heavy losses sustained by farmers of the state.

Preliminary survey work on the part of farm bureau officials indicates that more than \$1,000,000 worth of property is stolen annually from the farms of Ohio. Probably the largest percentage of this thievery is in loss of small numbers of chickens, although larger organized rings for the stealing of hogs or other livestock have been reported to farm bureau officials. Minor losses on farms include fruits and miscellaneous small articles, thoughtlessly taken by city motorists in the country for a day's pleasure.

The protective effort on the part of organized farmers will be entirely directed through established law enforcement channels, officials of the organization announce. County farm bureaus have already started to work out systems of reporting thievery and assisting county and other officials in following up cases of farm thievery, often petty in nature, but which in the aggregate is costing many thousands of dollars to farmers of the state.

UNITES AT CHURCH

The funeral of William Koehner, well known Stoutsville farmer, who died Wednesday morning, will be held Friday afternoon at 2 o'clock at the Lutheran church in Stoutsville. Burial will be in Maple Hill cemetery. Calvin Koehner of Columbus will attend the funeral. Homer Bensonhaver, Cyrus Miller, William Chambers, and Isaac Skaggs will be the pallbearers.

Colonel Charles A. Lindbergh, an airmail pilot once more, is again hurdling great stretches of water in the advancement of aviation and the airmail, having celebrated his 27th birthday by hop-off from Miami, Fla. The map shows the course of his flight.

COLD WAVE AGAIN BOUND FOR OHIO

COLUMBUS, Feb. 7.—A new cold wave is sweeping eastward from the Rocky Mountain region and is expected to reach Ohio during the night, the government weather bureau announced today. The mercury is due to start its downward flight this evening, and temperatures of 18 to 20 above zero are in store for Central Ohio, the weather bureau stated.

VALUES RISE IN LIVESTOCK

Fewer Animals On Ohio
Farms Are Worth More,
Report Shows.

COLUMBUS, O., Feb. 7.—Less livestock was on Ohio farms at the beginning of this year, than at the beginning of 1928, but the value of this type of agricultural property was more than three per cent greater than that of the larger number owned a year ago, according to figures collected by specialists in the rural economics department of the Ohio State University.

Increases in the numbers of beef cattle and sheep, were reported, with decreases in the number of milk cows, hogs, and horses. Cattle beef and dairy together, numbered 1 per cent more at the beginning of 1929, than at the same date a year before. The increase was all in beef cattle, however, since dairy cows and heifers were 9,000 fewer. Hogs showed a 12 per cent decrease in number between Jan. 1, 1928, and Jan. 1, 1929, when there were reported to be only 2,140,000 head of hogs on the farms at the state.

Horses have been decreasing in number since 1919, and there were 22,099 fewer horses in the state at the beginning of this year than there were at the beginning of last.

Since 1922, the number of sheep and lambs in the state has been on the increase, and showed a gain of about 1 per cent in 1928. Total valuation of livestock on the farms of the state on Jan. 1, this year, was reported to be \$218,777,000.

DURANCE TRY FAILS

MITCHELL FIELD N. Y. Feb. 7.—Martin Jensen who took off from Roosevelt field in the Bellanca monoplane Green Flash at 9:04:05 a. m. Yesterday in a second attempt to establish a new solo endurance flying record landed here in the rain at 2:10 a. m. today. Unexpected trouble with the plane's fuel system wasted more than half his gasoline supply and forced him to descend after 20 hours in the air.

FLIGHT ENDED BY LINDBERGH

Lone Eagle Will Start Return Trip To U. S. On Sunday.

BALBOA, Canal Zone, Feb. 7.—Having delivered the first consignment of mail ever flown from the United States to the Panama Canal zone, Col. Charles A. Lindbergh today rested from his arduous three-day journey by watching the maneuvers of the United States fleet in Panama Bay from the airplane-carrier Saratoga. Landing at France field near Cristobal and Colon on the Atlantic side of the Panama Canal at 4:03 p. m. yesterday, the famous flier received a tremendous welcome from 2,000 spectators on the field.

After checking his six mail sacks and obligingly posing for photographers, the colonel flew here to be the dinner guest of Admiral Henry Wiley aboard the flagship Texas.

Later he came aboard the Saratoga for the night. He will remain aboard during the maneuvers today and tomorrow until he flies back to France field tomorrow evening to be the guest of Col. Arthur Fisher, commander of the flying field.

Col. Lindbergh will start his return trip to Miami Sunday morning. He will follow the same route as on the way down.

EXPECT 700 WOMEN IN NUTRITION WORK

More than 700 Pickaway-co farm women are expected to be enrolled in the nutrition classes which are being held under the auspices of the farm bureau. Last year, 570 women participated in the work.

Monday and Tuesday, Feb. 18 and 19, 28 nutrition leaders in the county will meet in the Farm Bureau home to attend a demonstration in the preparation of meat-like dishes. The demonstration will be conducted by Mrs. C. M. McEwen, representing Miss Leila C. Ogile, of the nutrition department, Ohio State University.

CATTLEMEN ELECT

COLUMBUS, Feb. 7.—At the meeting of the Ohio Hereford Breeders' Association here, Lewis Kerr of Marietta, and Charles Gill of Thurston, were re-elected president and secretary-treasurer, respectively. The meeting of the Hereford breeders was held in connection with the Ohio State University "Farm Week."

BIRTHS

Mr. and Mrs. Worley Storts of Walnut-st. announce the birth of a daughter Wednesday at Grant Hospital in Columbus.

1051 NAMES ARE ATTACHED TO PETITION

Opposition Expressed To Myers Location—Hearing May Be Held.

The question of a site for the new municipal hospital, considered settled with the selection by the council of the Myers property on Northridge road, again arose to worry the councilmen at their meeting Wednesday night when a petition, signed by 1051 voters was presented.

The petition, which had been circulated by H. M. Crites, and Rev. H. B. Welch, protested against the Myers site and asked the council to reconsider the site question, but made no recommendations of any particular location for the hospital.

Rev. Welch declared that the petition signers were opposed to the Myers site and pooled their differences over favorite locations in the belief that any other site is preferable to the Myers property.

DELAY IS FEARED

The council accepted the petition referring it to the committee of the whole, which probably will hold another public hearing on the site question. Whatever the outcome may be, council members are unofficially unanimous Thursday in predicting that the petition will hold up the progress on the hospital.

Members of the hospital commission said Thursday that the preparation of plans for the hospital probably will have to be delayed by the architects, Robert Harsh and Associates, of Columbus, until the site question is definitely settled. They pointed out that a continued delay may lose the city the Frank P. Borah hospital bequest if the court of appeals reverses an opinion of Judge Clarence Burton, who construed the bequest to mean that the hospital should be started, but not necessarily completed by June, 1929.

The city council has passed all preliminary legislation, including the authorizing of the issuance of notes to take care of the \$75,000 bond issue voted on at the November election, and actual construction plans and work are now in the hands of the hospital commission. The commission is composed of Mayor E. T. Hedges, H. G. Stevenson, James I. Smith, S. T. Rife and R. L. Brehmer.

REASONS LISTED

The reasons listed by the petition for the requested reconsideration of the hospital site by the council are as follows:

1. The site you have chosen is outside of the corporation limits of the city and the law provides it must be within the corporation.
2. The north side of the city is not a good location for a hospital, because we believe it to be wet, and the hospital must not be located where such a condition prevails.
3. No sanitary sewer is within twenty five hundred feet and no outlet for same; also no storm water sewer is nearer than three thousand feet.
4. The location you have selected is in the extreme north side of the city and away from the majority of the city's population.
5. Because the traction cars, buses and traffic on the Scioto Trail to this site make travel to and from it very dangerous, we believe the most dangerous place in the city is at the junction of north Court street and Northridge road that leads to this location.
6. Because it is near the cemetery and certainly would not be a very cheerful place for a hospital, where funerals can be seen passing.
7. Because there is still danger of floods that would make it impossible to get to it in emergency cases.
8. Because we contend that since Circleville is short on good public buildings that the hospital should be built where it will make the best hospital, and at the same time help to beautify the city.
9. Because it will cost the taxpayers of this city thousands of dollars more to build the hospital in the north side of the city than it would in most any other location.
10. As citizens and taxpayers we are opposed to the building of this hospital in the north side of the city for the reasons set forth above and we petition your honorable body to reconsider your site selection, and locate the hospital where it will be more accessible to the great body of citizens, and save them thousands of dollars in taxes.

COLUMBUS, Feb. 6, 1929, H. Ross Ake of Canton, new treasurer of the State of Ohio. Governor Cooper made the announcement of his selection of the successor to Bert B. Buckley shortly after one o'clock this afternoon.

The chief executive announced that he had "fully concurred" with the action of the Republican State central committee in recommending that the governor appoint Ake. The governor then issued a signed communication. Ake will assume his new duties immediately.

The treasurer is president of Canton-Morris Plan Bank. Eight years ago he was a member of the Ohio Senate and was also a former member of the Republican state central committee. He served as treasurer of State-co for two terms.

Secretary of state Clarence J. Brown held that Gov. Cooper's appointment of Treasurer Ake is for a full term ending the second Monday in Jan. 1931.

FARMERS TO FIGHT CRIME

Agricultural Organizations
Seeking To Stop Rural
Thievery.

Alarmed at the growing amount of thievery on the farms of Ohio, the Ohio Farm Bureau Federation and county farm bureaus of the state have announced the establishment of a protective service through which rewards are offered for the capture and conviction of thieves taking property of members of the organization. The step on the part of this organization combines the efforts of some 28,000 Ohio farmers in an effort to protect themselves against the heavy losses sustained by farmers of the state.

Preliminary survey work on the part of farm bureau officials indicates that more than \$1,000,000 worth of property is stolen annually from the farms of Ohio. Probably the largest percentage of this thievery is in loss of small numbers of chickens, although larger organized rings for the stealing of hogs or other livestock have been reported to farm bureau officials. Minor losses on farms include fruits and miscellaneous small articles, thoughtlessly taken by city motorists in the country for a day's pleasure.

The protective effort on the part of organized farmers will be entirely directed through established law enforcement channels, officials of the organization announce. County farm bureaus have already started to work out systems of reporting thievery and assisting county and other officials in following up cases of farm thievery, often petty in nature, but which in the aggregate is costing many thousands of dollars to farmers of the state.

COLD WAVE AGAIN BOUND FOR OHIO

COLUMBUS, Feb. 7.—A new cold wave is sweeping eastward from the Rocky Mountain region and is expected to reach Ohio during the night, the government weather bureau announced today. The mercury is due to start its downward flight this evening, and temperatures of 18 to 20 above zero are in store for Central Ohio, the weather bureau stated.

Temperatures throughout Ohio will be much lower tomorrow, as intermittent snow flurries will accompany the zero weather.

VALUES RISE IN LIVESTOCK

Fewer Animals On Ohio
Farms Are Worth More,
Report Shows.

COLUMBUS, O., Feb. 7.—Less livestock was on Ohio farms at the beginning of this year, than at the beginning of 1928, but the value of this type of agricultural property was more than three per cent greater than that of the larger number owned a year ago, according to figures collected by specialists in the rural economics department of the Ohio State University.

Increases in the numbers of beef cattle and sheep, were reported, with decreases in the number of milk cows, hogs, and horses. Cattle beef and dairy together, numbered 1 per cent more at the beginning of 1929, than on the same date a year before. The increase was all in beef cattle, however, since dairy cows and heifers were 9,000 fewer. Hogs showed a 12 per cent decrease in number between Jan. 1, 1928, and Jan. 1, 1929, when there were reported to be only 2,140,000 head of hogs on the farms at the state.

Horses have been decreasing in number since 1919, and there were 22,000 fewer horses in the state at the beginning of this year than there were at the beginning of last.

Since 1922, the number of sheep and lambs in the state has been on the increase, and showed a gain of about 1 per cent in 1928.

Total valuation of livestock on the farms of the state on Jan. 1, this year, was reported to be \$218,777,000.

DURANCE TRY FAILS

MITCHEL FIELD, N. Y., Feb. 7.—Martin Jensen, who took off from Roosevelt field in the Bellanca monoplane Green Flash at 9:04:05 a. m. Unexpected trouble with the plane's fuel system wasted more than half his gasoline supply and forced him to descend after 20 hours in the air.

1051 NAMES ARE ATTACHED TO PETITION

Opposition Expressed To Myers Location—Hearing May Be Held.

The question of a site for the new municipal hospital, considered settled with the selection by the council of the Myers property on Northridge road, again arose to worry the councilmen at their meeting Wednesday night when a petition, signed by 1051 voters was presented.

The petition, which had been circulated by H. M. Crites, and Rev. H. B. Welch, protested against the Myers site and asked the council to reconsider the site question, but made no recommendations of any particular location for the hospital.

Rev. Welch declared that the petition signers were opposed to the Myers site and pooled their differences over favorite locations in the belief that any other site is preferable to the Myers property.

DELAY IS FEARED

The council accepted the petition referring it to the committee of the whole, which probably will hold another public hearing on the site question. Whatever the outcome may be, council members are unofficially unanimous Thursday in predicting that the petition will hold up the progress on the hospital.

Members of the hospital commission said Thursday that the preparation of plans for the hospital probably will have to be delayed by the architects, Robert Harsh and Associates, of Columbus, until the site question is definitely settled. They pointed out that a continued delay may lose the city the Frank P. Berger hospital bequest if the court of appeals reverses an opinion of Judge Clarence Curtin, who construed the Berger will to mean that the hospital should be started but not necessarily completed by June, 1929.

The city council has passed all preliminary legislation, including the authorizing of the issuance of notes to take care of the \$75,000 bond issue voted on at the November election, and actual construction plans and work are now in the hands of the hospital commission. The commission is composed of Mayor B. T. Hedges, H. G. Stevenson, James I. Smith, S. T. Rife and R. L. Brehmer.

REASONS LISTED

The reasons listed by the petition for the requested reconsideration of the hospital site by the council are as follows:

1. The site you have chosen is outside of the corporation limits of the city and the law provides it must be within the corporation.
2. The north side of the city is not a good location for a hospital, because we believe it to be wet, and the hospital must not be located where such a condition prevails.
3. No sanitary sewer is within twenty five hundred feet and no outlet for same; also no storm water sewer is nearer than three thousand feet.
4. The location you have selected is in the extreme north side of the city and away from the majority of the city's population.
5. Because the traction cars, buses and traffic on the Scioto Trail to this site make travel to and from it very dangerous, we believe the most dangerous place in the city is at the junction of north Court street and Northridge road that leads to this location.
6. Because it is near the cemetery and certainly would not be a very cheerful place for a hospital, where funerals can be seen passing.
7. Because there is still danger of floods that would make it impossible to get to it in emergency cases.
8. Because we contend that since Circleville is short on good public buildings that the hospital should be built where it will make the best hospital, and at the same time help to beautify the city.
9. Because it will cost the taxpayers of this city thousands of dollars more to build the hospital in the north side of the city than it would in most any other location.
10. As citizens and tax payers we are opposed to the building of this hospital in the north side of the city for the reasons set forth above and we petition your honorable body to reconsider your site selection, and locate the hospital where it will be more accessible to the great body of citizens, and save them thousands of dollars in taxes.

FLIGHT ENDED BY LINDBERGH

Lone Eagle Will Start Return Trip To U. S. On Sunday.

BALBOA, Canal Zone, Feb. 7.—Having delivered the first consignment of air mail ever flown from the United States to the Panama Canal zone, Col. Charles A. Lindbergh today rested from his arduous three-day journey by watching the maneuvers of the United States fleet in Panama Bay from the airplane-carrier Saratoga.

Landing at France field near Cristobal and Colon on the Atlantic side of the Panama Canal at 4:03 p. m. yesterday, the famous flier received a tremendous welcome from 2,000 spectators on the field.

After checking his six mail sacks and obligingly posing for photographers, the colonel flew here to be the dinner guest of Admiral Henry Wiley aboard the flagship Texas.

Later he came aboard the Saratoga for the night. He will remain aboard during the maneuvers today and tomorrow until he flies back to France field tomorrow evening to be the guest of Col. Arthur Fisher, commander of the flying field.

Col. Lindbergh will start his return trip to Miami Sunday morning. He will follow the same route as on the way down.

AN EASY WAY TO LOSE FAT

Instead of abnormal exercise or diet, they combat a cause of excess fat. They supply an element Nature employs to turn food into fuel and energy. This method was discovered by research men some two decades ago. It has for 20 years been embodied in Marmola prescription tablets. Millions of boxes have been taken in new beauty, new health and vitality. The formula comes in every box, also the scientific reasons for results. So users have no fear of harm. Go learn now what Marmola does for excess fat, and why. Your druggist supplies it at \$1 per box. Take four tablets daily and watch the change.

For Colds -

How many people you know end their colds with Bayer Aspirin? And how often you've heard of its prompt relief of sore throat or tonsillitis. No wonder millions take it for colds, neuralgia, rheumatism, and the aches and pains that go with them. The wonder is that anyone still worries through a winter without these tablets! They relieve quickly, yet have no effect whatever on the heart. Friends have told you Bayer Aspirin is marvelous; doctors have declared it harmless. Every druggist has it, with proven directions. Why not put it to the test?

Aspirin is the trade mark of Bayer Manufacture of Monopetroleum, of Salzig, Germany.

One Spoonful Would Fill A Market Basket!

HERE is a secret for the benefit of one's inner system. There is as much good in a single spoon of plain, pepsin syrup as in a whole basket of fresh vegetables!

You have heard how modern men fail to assist the peristaltic action so important to health. Make this up with a little syrup pepsin, and watch appetite, assimilation, and elimination pick up! It ought to improve 100% in a week, according to some doctors.

Don't give up rich foods, or go on a diet when this liquid vegetable

corrective cap put stomach, liver, and bowels in condition to handle anything that's eaten! Without the sign of distress, or a fear of constipation. You don't have to purge yourself to keep the digestive tract all clean and sweet. A ten-day test of Dr. Caldwell's Syrup Pepsin will prove this. Children are healthier and happier, and elderly people have a far easier time when this ideal combination of laxative herbs and pure pepsin is fully appreciated.

Dr. Caldwell first used this innocent means of keeping the bowels free from accumulated waste back in 1875. Today, you couldn't find a druggist without this famous prescription, all put up and directions enclosed. Try it, and you'll know why!

"I sure was right - I lit a Lucky"

"So many people have made a fuss over me because in rowing back to the 'America,' after we had picked up the 'Florida' survivors, I was smoking a Lucky Strike. I can't see why there should be any excitement about this—it was the natural thing for me to do. Before we started out from the 'America' I made sure that my pack of Luckies was with me—I wanted the comfort and pleasure of Luckies no matter what happened. I sure was right. I'll have to admit that after we picked up the 'Florida' crew and started back, my nerves were completely let down. So I did the thing I always do at such times—I lit a Lucky. As long as I live, I'll never get another kick as I did from the sweet old toasted flavor of that Lucky as we were tossing about on the old Atlantic. I'm a hundred percent when it comes to 'reach for a Lucky instead of a sweet.' I lay off the things that would make me flabby and light up a Lucky instead. There's too much action going on in my life to have me moving around with a lot of excess weight which I don't need. There's another thing about Luckies. The toasting process, in removing the impurities, is a blessing to us who follow the sea. It prevents throat irritation which is a constant nuisance to those who are regularly exposed to salt air."

GAINING WEIGHT EVERY DAY SAYS LOCAL WOMAN

Spin-Ago Brings Results
Where Seven Bottles of
Another Advertised
Medicine Failed.

The most stubborn and chronic ailments are giving way before a wonderful and different new tonic which is now available to all Circleville residents who have tried other medicines and treatments without relief—Stomach trouble, constipation, dyspepsia, lack of appetite, loss of weight—lack of energy, anemia.

This tonic is obtainable at the Mykrantz Pharmacy at 107 N. Court Street, in Circleville where many local residents are daily praising its merits.

This new Spin-Ago is just what

the name implies—a preparation based upon and containing Spinach—For many years doctors have recommended spinach as a food of the greatest medicinal and dietetic value—Spinach has been prescribed by physicians in diets to combat many and varied ailments—Spinach makes the blood rich, red and pure and if the blood is rich, red and pure one must be healthy—The new Spin-Ago has been compounded with this idea in mind—First of all, Spinach, the most important ingredient, is contained in concentrated form in sufficient quantity to insure all the benefits derived from a steady spinach diet—Then the following well known herbs, roots and barks, Cascara, Sarsaparilla, Mandrake, Dandelion, Prickly Ash, Poke Root, Gentian, Licorice, Burdock, and Wild Cherry are scientifically compounded with other valuable ingredients of recognized medical value under a process and in proportion known only to the manufacturer—And, above all, this preparation has been so compounded as to make it extremely palatable and pleasant to take.

Every day many sufferers who have been relieved by using Spin-Ago call at the Mykrantz Pharmacy to tell just what it has done for them—Idle promises are not made for Spin-Ago—Definite results are what count—For instance—just the other day Mrs. John H. Stevenson residing at 426 E. Union street enthusiastically made this statement regarding the wonders of Spin-Ago had worked for her.

"The first bottle of Spin-Ago did me more good than seven bottles of another advertised preparation—My health was terribly poor and I could get no relief from medicines and tonics—Indigestion and stomach pains caused me to experience a tired, aching feeling all the time—Some days I was hardly able to get around—My appetite was poor—gas formed on my stomach—my weight dropped to 99 pounds—I lacked energy and strength constantly—It was necessary for me to take pills every night—For years I tried remedies and tonics for which great claims and promises were made—but with no relief—Then—I heard of Spin-Ago and decided to try a bottle—The improvement was immediate and wonderful and gave me a renewed hope—I have now taken two bottles and am happy in the knowledge that my troubles are over—I don't have to take pills any more—My stomach troubles and constipation are over—There is no sign of indigestion or gas on the stomach—I have gained weight and am gaining every day—and feel better than I have in years—The tired, aching feeling is all gone and my only regret is that I didn't hear of Spin-Ago sooner—"

What a wonderful benefit it has been to me and I only wish I had known of it years ago—Others, who suffer from these ailments will be spared the years of misery that I experienced if they try a bottle of Spin-Ago on my hearty recommendation—"

Mrs. Stevenson's case is not out of the ordinary—Many others have derived as great and even greater benefits from this wonderful Spin-Ago—

Headquarters for Spin-Ago are at the Mykrantz Pharmacy, 107 N. Court Street, Circleville—where many former sufferers call every day with nothing but praise for this new and practical tonic.

Further than this, Spin-Ago is absolutely guaranteed to do all

GAINING WEIGHT EVERY DAY SAYS LOCAL WOMAN

Spin-Ago Brings Results Where Seven Bottles of Another Advertised Medicine Failed.

The most stubborn and chronic ailments are giving way before a wonderful and different new tonic which is now available to all Circleville residents who have tried other medicines and treatments without relief—Stomach trouble, constipation, dyspepsia, lack of appetite, loss of weight—lack of energy, anemia.

This tonic is obtainable at the Mykrantz Pharmacy at 107 N. Court Street, in Circleville where many local residents are daily praising its merits.

This new Spin-Ago is just what

the name implies—a preparation based upon and containing Spinach—For many years doctors have recommended spinach as a food of the greatest medicinal and dietetic value—Spinach has been prescribed by physicians in diets to combat many and varied ailments—Spinach makes the blood rich, red and pure and if the blood is rich, red and pure one must be healthy—The new Spin-Ago has been compounded with this idea in mind—First of all, Spinach, the most important ingredient, is contained in concentrated form in sufficient quantity to insure all the benefits derived from a steady spinach diet—Then the following well known herbs, roots and barks, Cascara, Sarsaparilla, Mandarilla, Dandelion, Prickly Ash, Poke Root, Gentian, Licorice, Burdock, and Wild Cherry are scientifically compounded with other valuable ingredients of recognized medical value under a process and in proportion known only to the manufacturer—And, above all, this preparation has been so compounded as to make it extremely palatable and pleasant to take.

Every day many sufferers who have been relieved by using Spin-Ago call at the Mykrantz Pharmacy to tell just what it has done for them—Idle promises are not made for Spin-Ago—Definite results are what count—For instance—just the other day Mrs. John H. Stevenson residing at 426 E. Union street enthusiastically made this statement regarding the wonders of Spin-Ago had worked for her.

"The first bottle of Spin-Ago did me more good than seven bottles of another advertised preparation—My health was terribly poor and I could get no relief from medicines and tonics—Indigestion and stomach pains caused me to experience a tired, aching feeling all the time—Some days I was hardly able to get around—My appetite was poor—gas formed on my stomach—my weight dropped to 99 pounds—I lacked energy and strength constantly—It was necessary for me to take pills every night—For years I tried remedies and tonics for which great claims and promises were made—but with no relief—Then I heard of Spin-Ago and decided to try a bottle—The improvement was immediate and wonderful and gave me a renewed hope—I have now taken two bottles and am happy in the knowledge that my troubles are over—I don't have to take pills any more—My stomach troubles and constipation are over—There is no sign of indigestion or gas on the stomach—I have gained weight and am gaining every day—and feel better than I have in years—The tired, aching feeling is all gone and my only regret is that I didn't hear of Spin-Ago sooner—"

What a wonderful benefit it has been to me and I only wish I had known of it years ago—Others who suffer from these ailments will be spared the years of misery that I experienced if they try a bottle of Spin-Ago on my hearty recommendation—"

Mrs. Stevenson's case is not out of the ordinary—Many others have derived as great and even greater benefits from this wonderful Spin-Ago—"

Headquarters for Spin-Ago are at the Mykrantz Pharmacy, 107 N. Court Street, Circleville—where many former sufferers call every day with nothing but praise for this new and practical tonic—Further than this, Spin-Ago is absolutely guaranteed to do all

AN EASY WAY TO LOSE FAT

Instead of abnormal exercise or diet, they combat a cause of excess fat. They supply an element Nature employs to turn food into fuel and energy. This method was discovered by research men some two decades ago. It has for 20 years been embodied in Marmola prescription tablets. Millions of boxes have been taken, and almost every circle shows the results in new beauty, new health and vitality. The formula comes in every box, also the scientific reasons for results. So users have no fear of harm. Go learn now what Marmola does for excess fat, and why. Your druggist supplies it at \$1 per box. Take four tablets daily and watch the change.

For Colds -

How many people you know end their colds with Bayer Aspirin? And how often you've heard of its prompt relief of sore throat or tonsillitis. No wonder millions take it for colds, neuralgia, rheumatism; and the aches and pains that go with them. The wonder is that anyone still worries through a winter without these tablets! They relieve quickly, yet have no effect whatever on the heart. Friends have told you Bayer Aspirin is marvelous; doctors have declared it harmless. Every druggist has it, with proven directions. Why not put it to the test?

One Spoonful Would Fill A Market Basket!

HERE is a secret for the benefit of one's inner system. There is a much good to a single spoon of plain pepsin syrup as in a whole basket of fresh vegetables!

You have heard how modern menus fail to assist the peristaltic action so important to health. Make this up with a little syrup pepsin, and watch appetite, assimilation, and elimination pick up! It ought to improve 100% in a week, according to some doctors.

Don't give up rich foods, or go on a diet when this liquid vegetable

corrective can put stomach, liver, and bowels in condition to handle anything that's eaten! Without the sign of distress, or a fear of constipation. You don't have to purge yourself to keep the digestive tract all clean and sweet. A ten-day tract of Dr. Caldwell's Syrup Pepsin will prove this. Children are healthier and happier, and elderly people have a far easier time where this ideal combination of laxative herbs and pure pepsin is fully appreciated.

Dr. Caldwell first used this innocent means of keeping the bowels free from accumulated waste back in 1875. Today, you couldn't find a druggist without this famous prescription, all put up and directions enclosed. Try it, and you'll know why!

"I sure was right - I lit a Lucky"

"So many people have made a fuss over me because in rowing back to the 'America,' after we had picked up the 'Florida' survivors, I was smoking a Lucky Strike. I can't see why there should be any excitement about this—it was the natural thing for me to do. Before we started out from the 'America' I made sure that my pack of Luckies was with me—I wanted the comfort and pleasure of Luckies no matter what happened. I sure was right. I'll have to admit that after we picked up the 'Florida' crew and started back, my nerves were completely let down. So I did the thing I always do at such times—I lit a Lucky. As long as I live, I'll never get another kick as I did from the sweet old toasted flavor of that Lucky as we were tossing about on the old Atlantic. I'm a hundred percent when it comes to 'reach for a Lucky instead of a sweet.' I lay off the things that would make me flabby and light up a Lucky instead. There's too much action going on in my life to have me moving around with a lot of excess weight which I don't need. There's another thing about Luckies. The toasting process, in removing the impurities, is a blessing to us who follow the sea. It prevents throat irritation which is a constant nuisance to those who are regularly exposed to salt air."

TRIAL INSINUATIONS

Judge Hough did a decent thing and performed a public service when, after the Buckley jury had reported, he issued a statement declaring that the names of certain prominent men injected by the defense into the proceedings were so used merely as "sales talk" and without a particle of evidence to bear out the insinuations. "This court wishes it to be understood distinctly," said Judge Hough, "that there was nothing to show that any of these men were in any way connected with the case and that the court considers these men to be above reproach."

Who believes that such men as Senator Fess, Gov. Cooper and the others mentioned could have been involved in the cheap and dirty business which supplied the basis of the charges in this trial? Probably no right-minded person who knows the men whose names were thus dragged into a miserable affair took any stock in the implications but there are many who do not know them and there are always some who are eager to believe the worst about anyone, especially if he is in high place. It seems too bad that honorable names can be used with impunity in such a connection but character, with the reputation which springs from it, is a considerable protection against calumny. Anyone may be slandered but he need not feel very bad about it if his life is such that those who know him can't credit the charges for a minute.—Ohio State Journal.

Give Opposing Sex Their Rights

By RING LARDNER

To the Editor:

Ladies and others of the female sex that is always strutting for equal rights with we boys and want the same privileges we have got, well I wished they could enjoy the privilege of shaving themselves every A. M. and a specially going shopping in a barber shop once in a while for a hair cut or something, but unfortunately most of the fair sex is like the Russians and either don't or don't have to do neither one, and won't never know what they are missing. Only some of the gals that's in the business of pairing your nails can even guess at the delights of a barber shop.

Shaving yourself is sport enough and always keeps me laying in bed a couple of extra hrs. looking forward to it but the real treat comes when the hair barber comes and he'll have to drape it self down around the ears and you get a hint from some reliable source that it would be feasible to her if you spent the lunch hr. in a tonsorial parlor, because what is the use of looking like a virtuoso when you got a name that can be pronounced.

Well I was out in old Chi a few weeks ago and to show you what I went through I'll tell you what I went through. In the first place I got into a barber shop which is like most other barber shops on all of the barbers being natives of the country where the national flower is garlic, and I clumb into a steamer chair and D. Annunzio tied on my napkin and leant over me so as we was on intimate terms and asked me what I want. As soon as I got so as I could breathe I says I wanted my hair trimmed and also myself and a shave besides. And I says:

"Just trim my hair around the edges and don't use the clipper on the sides and don't take even a little bit off the top."

"No," he says, "You look like you need some put on."

In the old days of chivalry and beauty they couldn't of been none of the former that could train a more delicate compliment than a barber. What this wop meant to subtly convey was that he had noticed me enough to see that none of my hair had fell down like London Bridge and the Philadelphia National.

Well he started out with the clippers at the base of the skull as per orders, but the next thing I knew he was way up above the ears with the same utensil and had the right side of the old bean pretty near bare before I could say Jack Robinson, which incidentally I hadn't no desire to say, a specially to a barber. Well, when the right side of your head gets shaved you have got to let the left side know what the right side has been having and to do it, so I told him to go ahead and when I got through with the hair trim I looked like a left hander from Marion, Ohio.

Maybe I could have stopped him in time if he hadn't started a fascinating conversation in the original garble.

"Was you at the world's series," he says, and I says "Yes."

"What did you think of it," he says.

"Nobody that was there could think," I says.

"Well," he says, "it was no surprise to me."

"No," I says, "All us experts knew how it was going to come out like a recent war between Germany and Turkey vs. the Allies, but everybody was pretty reticent till it come out."

Then he asked me what I thought of the White Sox and the Cubs and Jack Dempsey and the Democrats in the order named, and I said I thought they would all lose and finally he asked me did I want a shave and I told him I don't never want one but there was a certain party that insisted that I better get one once in a while, so he begins to shave me and just then a big thunder storm started outside where they most generally always starts, and it seems that this guy was a scared of thunder like a lot of dogs and every time they was a clap of thunder he would lose control of the African stiletto and out a fresh slice of boiled ham, so when he was through with that major operation he asked me what did I want on my hair and I told him my hat.

"Listen," he says, "Did you ever have your hair cinched? It closes up the ends and keep the oil from coming out."

"Well," I says, "I guess you are right as I made a few little investments in oil wells that they told me was a cinch and no oil ever come out."

"Well," he says, "I bet if you had your hair cinched it would benefit your hair."

"Well," I says, "I have quit betting on cinches."

"Well," he says, "How about a little tonic?"

"I suppose you want \$10 a pint," I says. "Nothing doing I know a Dr. where I can get a prescription."

"How about a little O. D. Quinine," he asked me.

So I asked him how about a little speed and a little check but the check said 85 cents and the time elapsed was 1 hr. and reckoning my time at 10 cents per hr. makes a total of 95 cents.

So all in all I wish ladies of the opposing sex could spend a term in a tonsorial parlor or library or living rm. and I bet they wouldn't be so wild for the privileges we boys enjoy.

Impatient Griselda

by Dorothy Scarborough

WHAT HAS HAPPENED SO FAR.

TO Irene Robeline it was a painful duty to sit up at the vigil of Lilith Holden. The story of Lilith's capture of handsome Guinn Holden, young minister of the Texas town, as told by Mattie Anson, village gossip, was like stabs with a knife. Lilith was the prettiest girl in town. Her coquetry didn't stop at the church, but almost before she knew it she had married Holden. A year later, with the birth of a child, Lilith died. Irene's heart aches for Holden, who attempts to care for the infant with the help of a colored servant. The minister comes to her for aid, never realizing Irene's passion for him. Will Lundy, town doctor, in love with Irene, is equally ignorant of her secret. Even Mattie Anson who, hints that it is time for Irene to marry Lundy, is deceived. But when Lundy asserts his love Irene rejects him and determines the more to win Holden.

NOW GO ON WITH THE STORY.

CHAPTER VIII.

MATTIE flopped down on Irene's porch one day. "Before long all the girls in the church will be setting their caps for the preacher."

Irene was startled, but endeavored not to show it. "Do you think so?"

"Yep. They'll all look their souls over and decide they need cleaning. You'll see 'em tripping to the pastor's study to ask spiritual advice. Spiritual advice, cat's foot!"

Irene laughed, to conceal her discomfiture. "I wonder."

"I don't wonder. I know. I've seen too many things and too many springs and too many girls go past not to know the signs. These eyes of mine are forty-seven years old and not a bit nearsighted, so I don't miss much that goes on around me. I know girls. Some of 'em feel religion is just 'round the corner from love. But I don't reckon the parson'll be paying 'em much heed."

"No?"

"Well, you can't always tell. Widowers are chancy. Once a man's been halter broke, catching him is easier next time. And a man never learns by his first mistake. Seems like he's sorter prone to make the identical blunder that he made before. If he was tormented by a red-headed hellcat to pick up red hair again. Habit's a awful thing."

"That's true," was the sober reply.

"Course, no other girl's going to chase him down just like Lilith did, but there are other ways of doing it." Mattie yawned elaborately. "I saw Abby Whitaker with a look in her eyes Sunday when she was preaching. Abby thinks 'cause her pa is chairman of the board of deacons, she's got the preacher in her pocket. And Sallie Lou Gates has had two new hats this month. Wears 'em to church and sits on the front seat, so's he can't miss seeing 'em."

How lucky for her that Will Lundy was so conspicuously in love with her! He could throw dust in everybody's eyes, even Mattie's. But that was cruel, to use him for her own protection without regard for his feelings. But love made you cruel, if you loved what you wanted. Love gave you clear eyes, too, to see what others suffered. She could laugh with Will Lundy over his love for her, but deep in her heart she knew how sincere it was. He could joke about it, because he believed she'd surely come to care for him in time—just as she held the wild hope that sooner or later Guinn Holden would love her. . . . Could she love Will, or anybody else, if she knew for certain that Guinn would never love her? No, not even then. . . .

She hunted up articles on the care and training of infants in order to be ready for any impromptu question he might ask. . . . If he knew he could always find help when he turned to her, maybe And she did so want to help him! Her mind churned itself into sleep at night bothered with thoughts of a helpless man trying to do for a baby and a church and a house. Men weren't efficient like women. They always had things done for them, and so it was pathetic to think of a man "on his own." Comical too, Guinn's fingers fumbling with the buttons of the baby's coat when he brought her over for inspection. . . . His foot-

ish questions about what to do for her. The way he let that tyrant baby boss him.

"How do you unspoil a baby?" he asked one day.

"The hard way."

"She won't go to sleep unless I rock her and sing to her, and I can't sing. She's up in the middle of the night and howls to have the light turned on and me to sing."

"I hear you doing it," she commented, with an unsympathetic smile.

"How'm I going to keep from it?" He flung out his hands in despair.

"She ought to be put in a room by herself and not be played with at night. You'll ruin her nerves."

"But she cries. And that's bad for her nerves, isn't it?"

"She cries because she's learned that's the way to make you step lively and do what she wants you to. Silly!"

She indulged herself in that one word. It meant a lot more, but he didn't seem to notice.

Lilith's autocratic spirit and her father's yielding nature brought many complications into the parsonage and kept the church in a ferment.

Mrs. Hotchkiss, the president of the Ladies' Aid, finally bribed Aunt Viny to wheel the baby buggy on a route some distance from the church on Sunday morning, and get back to the parsonage before the final prayer, so the preacher wouldn't know.

"Cost me five dollars, but it's worth it," she reported grimly to her band. "I can take it out of my tithe money."

That was after Lilith had fallen and bumped her nose and created such an outcry that her howls had broken up the church service. Even the deacons made comments about spoiled children on that occasion.

"That man'll have a conniption fit if he finds out," Mattie said. "You know he's ordered her to stay close by."

"That baby rules the preacher, but I don't want to see her boss the church if I can help it," retorted the president. "All she has to do is whimper and he leaps to do what she wants."

"If I was him, I'd be a man or a mouse, one or the other," averred Mattie.

Yes, Lilith ruled him by her soft weakness that was fast becoming a stubborn power. . . . But was it only the baby that he bowed before—or the other Lilith born again in her? Did he see just a little baby that he adored, or did he see her as his love for Lilith embodied, alive, deathless, crowding everything else out of his heart? Will Lundy had said, "Love can be a lasting thing." Will Lundy had said, (To Be Continued.)

LETTERS TO EDITOR

Editor Circleville Herald:

Dear Sir,

In your issue of Jan. 9, there appeared a news item relative to the trial of C. E. Bowers, chiropractor of Circleville before the State Medical Board. The news item gave to the public an entirely erroneous idea of what occurred at this trial and it is with the sole purpose of correcting this wrong impression that the following letter from the secretary of the Ohio State Medical Board is enclosed for publication.

Very truly yours,
Lloyd Jonnes, Sec'y.

"Dr. Lloyd Jonnes, Sec'y.

Pickaway Co. Medical Society, Circleville, Ohio."

"Dear Doctor:

"I have your letter of January 30, making inquiry concerning the action of the State Medical Board in the case of C. E. Bowers, licensed chiropractor, who resides in your city."

"After notice and hearing of charges preferred to the effect that C. E. Bowers was exceeding the limits of his chiropractic license, the Board sustained the charge preferred but felt, because of mitigating circumstances, a reprimand and a warning was the proper punishment."

"Upon C. E. Bowers' promise to confine himself strictly in the future to the practice of chiropractic for which he holds a license and which is defined to be the application of the hands to the region of the spine for the relief of vertebral subluxations, the Board continued the case pending his good behavior, admonishing him that further violation would result in more drastic action."

Very truly yours,
H. M. Platter, Sec'y."

MAX FRIEDMAN IN BLACKFACE SHOW

Max Friedman, of E. Mill-st., is an end man in the minstrel that is being produced by the Chillicothe A. C. Perhaps he will don a top hat and cane and "take off" his illustrious brother, Ted Lewis.

Inmates of the U. S. Industrial Reformatory, of Chillicothe, were "highly pleased" with the C. A. C. Minstrel presented at the institution Tuesday night. The show opens in Chillicothe next Monday for a three-day run at the Majestic theater.

Before the presentation, the C. A. C. boys presented their show at Piketon Wednesday night, and will visit several other places to round out the performance and get the piece in perfect running order. Reformatory officials stamp it as a "fast-moving, snappy minstrel show in which good comedy, dancing and music are the main features."

Cream for Butter

The amount of cream required to produce a pound of butter does not depend on the breed of cow, but on the richness of the cream. Two quarts of cream containing 20 per cent butterfat will make a pound of butter, and one and a half quarts of cream containing 30 per cent butterfat will produce a pound of butter.

Of Spanish Origin

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Prices That Represent True USED CAR Values

You have a pretty good idea how much you should pay for any used car.

But to get an accurate knowledge of any used car's value you must know what its mechanical condition is, for used cars of the same year and make vary in value according to how they have been driven and cared for.

The price we place on a used car represents its true value—estimated by a man experienced in automobiles, who makes a thorough examination of the car's mechanical condition.

And when you buy a used car here you buy from an organization that is interested in your satisfaction.

SALES AND SERVICE

When you get the worst of it — you must make the best of it —

When you "take a chance" and order your building materials "sight unseen" from mail-order allurements you must take what you get when you get it. When your car-load is delivered, it's too late to do anything about it. You can't pack up a house and send it back—and the mail-order, knock-down man knows that.

But when you personally select each article of building material from a reliable local dealer you not only have all the advantages of careful investigation and judgment but also the chance to revise as new ideas develop in the progress of construction.

26,000 DEATHS REPORTED FROM "FLU" THIS WINTER

Famous Doctor Offers Advice for "Flu" After-Effects

FLU VICTIM FINDS RELIEF AFTER 5 LONG YEARS

Fairview, Ohio, Lady Says Hoyt's Only Relief.

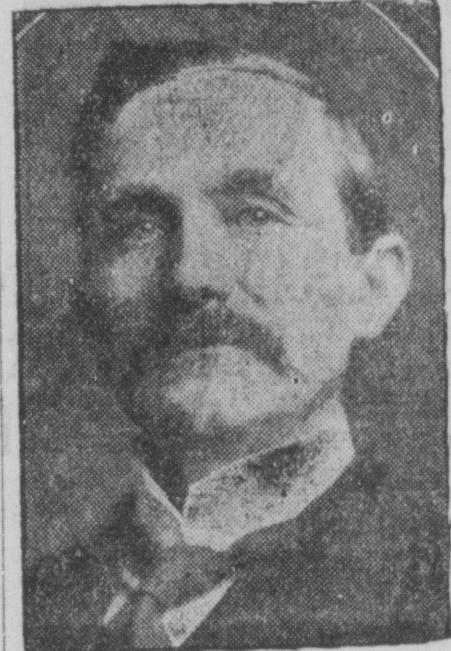

"Hoyt's Compound certainly ended FIVE LONG YEARS of suffering for me," said Mrs. Elizabeth Sibrell, well known resident of Fairview, O. "I suffered a se-

and I always felt tired and drag-gy," said Mr. L. H. Grantham, 621 Madriver St., Bellefontaine, Ohio. "Hoyt's built me up and made me feel like working every day. I never feel tired or worn out or draggy as I did before taking this famous prescription."

FLU VICTIM NEED RECONSTRUCTIVE TONIC

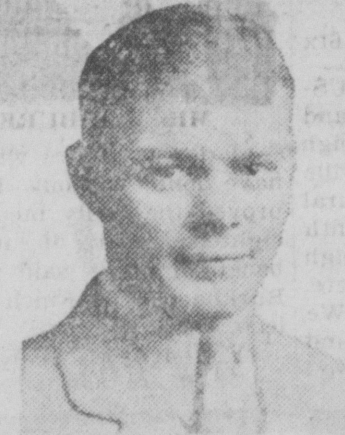

Says DR. PICKEL

It is a well known fact that this dreaded disease leaves the victim's system weakened and lowers the vitality until almost any complication may occur. Weakened heart, stomach trouble, nervousness, deranged kidneys, and many times rheumatism and neuritis often follow a severe attack of the flu. Nearly everyone is left in a weakened condition and always feels tired and worn out and draggy and is in need of a good reconstructive tonic to build up their body and make them able to ward off a similar attack from other diseases.

Dr. J. M. PICKEL

vere attack of the flu in 1923 which left me a PHYSICAL WRECK. Bowels were irregular, stomach disordered and severe pains shot through my back due to my kidneys. I steadily lost weight and grew nervous and irritable. Tried many medicines without relief. The first few doses of Hoyt's brought relief. And now on my second bottle and rapidly regaining my health. Bowels are now regular, kidneys natural and I don't have those pains in my back. Hoyt's acts MORE LIKE A FOOD than a MEDICINE. I am glad to be able to endorse it to help others."

MRS. HARRY QUICK

"Was extremely nervous, able to sleep at nights and continually troubled with my stomach," states Mrs. Quick. "Always felt tired and worn out and listless. Then rheumatism settled in my body and caused me much misery. The first bottle of Hoyt's Compound gave me relief. I have increased in weight, stomach is improved, nerves are settled and rheumatism is entirely gone from my system. In my opinion Hoyt's is by far the most wonderful me physically weak and rundown medicine ever introduced in Ohio."

Hoyt's Compound

The Famous Blood, Stomach and System Tonic

Hoyt's Compound is a mixture of nature's finest medical juices extracted from roots and herbs and is a cleanser, purifier, and tonic agent for the human system. It is a reconstructive tonic and will bring out old foul impurities that might have been inside of you for weeks or even months which may have been the cause all along of headaches, biliousness, dizzy spells, exhausted feelings, skin eruptions, sleeplessness, rheumatic catarrhal affections and other forms of suffering that you never could understand.

At the same time Hoyt's Compound has a wonderful benefitting and relieving action on the stomach, liver, kidneys and bowels. It produces a better appetite, improves digestion and cleans away old accumulation of gas and other impure matter from the stomach, putting an end to many forms of stomach trouble. It tones up the liver and acts as a stimulant to sluggish kidneys and eliminates night rising and regulates the bowels.

Dr. J. M. Pickel, Terre Haute, Ind., widely known physician whose picture appears above has used this famous prescription for over 40 years and says that during the past few years while the flu epidemic has been raging throughout the country that he has found it to be a wonderful reconstructive tonic to build up the victim's system and make them strong enough to fight off a return of this dreaded disease and various other ailments which they are subject to after being victims of the flu.

Hoyt's Compound is Now Being Introduced And Explained Every Day To Crowds Here in This City at Wilder's Drug Store

ONE O'CLOCK LUNCHEON

AT THE MARFIELDS'
Mrs. Arthur B. Hartwell of Birmingham, Mich., was a guest from out of town at the one o'clock luncheon at the home of Miss Mary Marfield and Miss Harriett Marfield on E. Main-st Wednesday. Miss Harriett Marfield of Columbus assisted her aunts with the serving. She is visiting her sister, Mrs. Donald Morris of Watt-st.

The five tables around which the guests gathered for luncheon and bridge later, were centered bouquets of roses and freesia. A large bouquet of variegated flowers graced the dining room table. When scores were added and compared the reward for having highest score was received by Miss Nell Weldon, while Mrs. Hartwell was presented a guest gift.

MEMBERS URGED TO ATTEND MEETING

Mrs. N. E. Reichelderfer, president of this district of the O. E. Stars, is urging all officers, most particularly and members to be sure and attend the district meeting on Friday, February 8, at Chillicothe. First session convenes at 1:30 p. m., dinner at six o'clock and ritualistic work following.

DINNER GUESTS ON SUNDAY

Mr. and Mrs. O. C. Creighton and family had as their Sunday dinner guests, Prof. and Mrs. R. P. Swinehart and sons Donald and Paul of Williamsport.

MRS. STEVENSON TALKS IN CHILICOTHE

For the pleasure of Mrs. Burton E. Stevenson president, the Women's Choral Club entertained in her honor Tuesday evening at the home of Mrs. Dolores Maxwell of East Second street, following rehearsal.

Mrs. Stevenson in opening her informal little talk, complimented the club upon the splendid progress made during the past three years, and upon the excellent tonal quality and technique developed by the organization.

The subject of Mrs. Stevenson's talk was "The By-Ways of Paris," and she told of the fascinating little streets where the real Paris may be seen and the most interesting people found.

At the conclusion of the evening, delicious refreshments were served. Two out of town club members were present, Mrs. James Moffet of Circleville and Mrs. Gladys Snyder of Kingston.

VESTRYMEN AND WIVES ARE ENTERTAINED

Members of the vestry of the St. Phillips Episcopal Church met at the home of the rector, the Rev. Benjamin C. DeCamp Wednesday night, for the purpose of discussing the business of the church. Following the business meeting, supper was served by Rev. and Mrs. DeCamp to the vestrymen and their wives.

These included Mr. and Mrs. James Swearingen, Miss Sara Swearingen, Mr. and Mrs. Grant Swearingen, Mr. and Mrs. Robert Gearhart, Mr. Edwin Walters, Mr. and Mrs. Charles T. Gilmore, Mr. and Mrs. Lawrence Johnson, and Mr. and Mrs. Shirley Dreisbach.

GOLDEN WEDDING IS CELEBRATED

An occasion of the greatest social importance, was the celebration Tuesday, Feb. 5, of the 50th wedding anniversary of two of Circleville's best known residents, Mr. and Mrs. Tecumseh Millar of S. Court-st. The celebration brought to mind their wedding which took place fifty years ago at the home

of her uncle, Alexander Caldwell, in Jackson-twp. Two of the guests at the golden wedding were Miss Sally Caldwell and Mr. John Van Meter, who took part in the wedding 50 years before as maid of honor and best man.

The golden wedding celebration began with a dinner at noon Tuesday. The house was filled with beautiful flowers all of which were yellow and golden hues. There were callendula and yellow roses on the table where places for the guests were marked by place cards of yellow, with gold metal balls bearing the wedding dates.

Guests at the dinner were Rev. Franklin McElfresh, Mrs. Dell Foreman, Mr. and Mrs. William Weaver, Judge and Mrs. E. A. Brown, Mrs. Clara Renick, Miss Elizabeth Renick, Mrs. Arthur Wiegand, Mrs. Estella Williams of Columbus, Mr. and Mrs. Noah Warner, Mr. and Mrs. Charles Bell, Mr. and Mrs. Seymour Miller, Mr. and Mrs. Orion King, Mrs. William Betz, Mr. and Mrs. William Miller, Miss Sally Caldwell, Mr. John Van Meter, Mr. George Littleton, Mr. and Mrs. George Foreman and daughter Catherine.

In the evening at an informal reception, guests were received by Mr. and Mrs. Millar and Mr. and Mrs. George Foreman, beginning at seven o'clock. Seventy-five friends called to congratulate Mr. and Mrs. Millar.

At this evening affair, Miss Caldwell and Mrs. Seymour Miller poured. Others who assisted were Miss Emma Yates, Miss Mary Foreman, Mrs. George Littleton,

When You Catch Cold Rub On Musterole

Musterole is easy to apply and works right away. It may prevent a cold from turning into "flu" or pneumonia. It does all the good work of grandmother's mustard plaster.

Musterole is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. Jars & Tubes

All the machinery is on top—
you never see it, never oil it, barely hear it

All the machinery is on top—do you realize the importance of this simple statement? This achievement is the result of fifteen years of painstaking research to determine the simplest, the most efficient design. It has made the General Electric Refrigerator one of the outstanding engineering accomplishments of recent times.

All the mechanism, together with a permanent supply of oil, is contained in an hermetically sealed steel casing. Here it is safe from dust and difficulties. This distinctively electric refrigerator operates so quietly you can scarcely hear it. It is plugged into any convenience outlet as simply as an electric iron—there is no plumbing, soldering or wiring to be done.

Please plan to visit our display rooms. Any model may be bought upon deferred payments.
